Forecast for Monday 06 Mar 2023

Weather: Cloudy with light or moderate rain at first, falling as sleet or snow on the highest summits. Drier and brighter through the afternoon but with risk of snow showers bringing snow to low levels before cloud clears during the evening.

Chance of cloud-free hill tops above 600m: 20% rising to 60%

Low Cloud and visibility: Extensive cloud down to 300-400m at first, perhaps lifting above the summits for a time during the afternoon, then dissipating during the evening. Good visibility below cloud, becoming moderate or poor in rain, very poor in snow and within cloud.
